1-800-667-6879 230 - 29th Street East, Saskatoon, SK S7L 6Y6

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms are strictly net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

REMANUFACTURED ENGINE CONTROL & POWERTRAIN CONTROL MODULES

Want to capitalize on a growing, virtually untapped segment of the aftermarket? With Delphi's expanding lineup of Remanufactured Engine Control Modules (ECMs) and Powertrain Control Modules (PCMs), you can offer your customers OE-replacement products, coupled with the support to service today's advancing vehicle engine management systems.

PROGRAM HIGHLIGHTS

- Original Equipment Service (OES)-certified replacement part functionality and content.
- Remanufactured with the latest automaker calibrations installed on programmed units.

THE DELPHI ADVANTAGE

- 100% OES-specified, providing comparable quality and performance as modules supplied by GM.
- Remanufactured using Delphi's knowledge of OEM protocols – not reverse engineered like many other electronic - aftermarket lines.
- Designed to fully integrate with vehicle electronic-and fuel-delivery systems, alleviating potential installation problems and, consequently, customer comebacks.
- Available sales team training, promotional launch support and product seminars to assist with product pull-through from technicians.
- Works in tandem with Delphi's Universal Reprogramming Tool, allowing you to tap into the growing ECM/PCM reflash and program update markets.

DID YOU KNOW?

- Early ECM/PCM modules stored content on replaceable, programmable chips. With OBD II-compliant units, the information is stored on internal, non-removable "flash drives," which are similar to the technology used on digital cameras. As a result, the "digital content" on today's ECMs/PCMs can be easily erased and the chip flashed with newer OEM information.
- Current out-of-warranty ECM/PCM failure rates are about 2% a year, which is about equal to that of compressors, ignition coils and wheel bearings. Delphi estimates this represents an annual market opportunity of \$513 million at the retail level.
- The number of ECMs/PCMs that require "programming updates" is increasing. These OEM-issued updates correct drivability or vehicle performance problems. As a result, some shops are now incorporating routine ECM/PCM checks into their vehicle maintenance services. Shops are charging \$80-\$110, on average, for as-required updates, generating increased customer satisfaction and a significant new revenue source.

Failure to do so will null and void all warranties.

REMANUFACTURED ENGINE CONTROL & POWERTRAIN CONTROL MODULES

FEATURES	BENEFITS
Remanufactured to OE Specifications; replaced parts are the latest OE design	<ul style="list-style-type: none"> – Improves vehicle performance – Reduces reflash and installation problems, which speeds up repair times and bay turns
100% full-functional testing on every unit to meet OES requirements	<ul style="list-style-type: none"> – Verifies unit functionality and capabilities against the total range of automaker operating standards
Internal workmanship, including solder quality and wire routing, is remanufactured to OES standards	<ul style="list-style-type: none"> – Ensures product reliability and quality
Reassembly process includes inspection of cover seals and leak checks	<ul style="list-style-type: none"> – Guards against possible environmental contamination, as well as corrosion-based malfunctions

DELPHI VS. THE COMPETITION

Delphi has compared the out-of-the box quality of its remanufactured ECMs/PCMs against that of other aftermarket brands. The “competitive teardown,” as the study is known, showed the following:

COMPETITOR MODULES	POSSIBLE IMPACT	DELPHI DIFFERENCE
Corrosion on connectors	Intermittent input and output problems	All connector elements are cleaned, performance-tested and replaced, if necessary, before leaving the factory
Inside board screws loose and screws mismatched	Vibration-induced failures	Remanufacturing process includes reassembling to OE specifications
Module outer-case seals improperly seated and fasteners are loose	Component failure due to moisture intrusion	All seals examined, where applicable; bad or damaged seals are replaced and reassembled to OE specifications
Partially or intermittently functional modules	Poor drivability and “check engine” lights	Thorough testing, using OES specification-based routines, are programmed directly into <u>all</u> modules to find defects
Inability to reflash units	Vehicle won’t operate	Reflash capability confirmed prior to units leaving the factory

DBDCVP_0710

1-800-667-6879 230 - 29th Street East, Saskatoon, SK S7L 6Y6

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms are strictly net 30 days. Failure to do so will null and void all warranties.

EXHAUST GAS RECIRCULATION (EGR) VALVES EG SERIES PART NUMBERS

Exhaust gas recirculation (EGR) valves deliver finely metered amounts of exhaust to the engine intake to help reduce NOx emissions.

PROGRAM HIGHLIGHTS

- 100% OE line
- No shims required to get proper fit
- Gaskets included
- Utilizes high-temperature diaphragms for long-term durability
- No clocking required
- OE fit, not a universal consolidated line
- Saves time and labor for technicians, which means more bay turns for repair shops

THE DELPHI ADVANTAGE

- Delphi EGR valves are available in port, back pressure, and linear configurations to allow coverage of many engine applications.
- Precision machining of valves and seats helps maintain long-term stability of all Delphi EGR valves.
- High-temperature materials are used for internal windings of all Delphi EGR valves, providing high exhaust temperature performance.
- All Delphi EGR valves offer rugged environmental protection for corrosion resistance.
- Delphi EGR valves perform under all engine temperature ranges.

FEATURES

BENEFITS

Precision manufacturing	— Provides accurate exhaust gas flow control
Rugged environmental protection	— Helps resist corrosion — Provides good performance under all engine temperature operating ranges
100% OE line with gaskets and exact fit	— Saves time and labor

DID YOU KNOW?

- EGR valves decrease oxides of nitrogen (NOx) exhaust emissions. NOx is a major contributor to smog.
- Inoperative EGR valves increase emissions and degrade fuel economy.
- Malfunctioning linear EGR valves can trigger the "Service Engine Soon" light.

DBDCVP_0710

1-800-667-6879 230 - 29th Street East, Saskatoon, SK S7L 6Y6

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. FEED PUMPS

HFP SERIES PART NUMBERS

Delphi offers a wide range of mechanical and electrical feed pumps that incorporate the latest technological advancements.

PROGRAM HIGHLIGHTS

- With over 600 different feed pumps, Delphi covers a wide range of industrial, agricultural and on-highway applications - including: Ford Trucks, Dodge Trucks, Chevrolet and GM Trucks, Case New Holland, and numerous John Deere applications, among others.
- Delphi feed pumps are used in light and medium duty diesel and gasoline engine fuel systems - including Cummins 4B and 6B series , Navistar DT444E, DT466E and DTA530 engines, and Perkins engines.
- Delphi also offers fuel strainers for GM medium duty truck applications including - Chevrolet and GMC Kodiak, LC Forward, Topkick and FC Chassis V8, 6.0L, 7.0L, 7.4L and 8.1L engines for additional service opportunities.

THE DELPHI ADVANTAGE

- Delphi uses its 70 years of fuel delivery system expertise to offer you mechanical and electric fuel pumps that incorporate the latest technological advancements which match or even exceed OE performance.
- Delphi mechanical fuel pumps are available for most popular light duty vehicles and truck engines. Many of these pumps were original equipment; others are built to meet or exceed OE requirements.
- Warranty available nationwide through our Authorized

DID YOU KNOW?

- In the diesel industry feed pump, supply pump, lift pump and fuel pump are terms for the same part. It's the low pressure pump that pulls or pushes fuel from the tank through the filter to the high pressure injection pump.
- Electric fuel pumps are designed to prevent fuel from draining back to the tank once the engine has been shut down. This feature allows the fuel system to maintain residual pressure for quick restarts.

FEATURES

BENEFITS

Built to OE specifications	— Ensure highest quality
Feed pumps are exact fit original equipment replacement	— Allows easy installation
Consistent pressure at all temperatures	— Quick start-ups
All pumps are 100% functionally tested for minimum flow, maximum current load, relief valve opening pressure and check valve operation	— Improved pump reliability

REMANUFACTURED ELECTRONIC UNIT INJECTORS

EX SERIES PART NUMBERS

Remanufactured Cummins Celect Electronic Injector

PROGRAM HIGHLIGHTS

- Remanufactured in our ISO 9001:2000 certified facility
- Cross-reference to 47 Cummins Part Listing (CPL)
- 60% coverage for M11 - N14 engine range

PRODUCT HIGHLIGHTS

- Every remanufactured injector is functionally tested for:
 - » Fuel Delivery
 - » Fuel Injection Pressure
 - » Timing

THE DELPHI ADVANTAGE

- Replacement of critical components
- 100% replacement of nozzle, NOP spring, and spring seat
- 2 year warranty or 125,000 miles on highway or 3,600 hours off highway
- Warranty available nationwide through our Authorized Service Distributor Network

DID YOU KNOW?

- Reducing diesel emission levels is critical in today's diesel engines. Delphi is leading this technology revolution with its advanced fuel injection systems.
- Delphi functionally tests 100% of its remanufactured products to ensure the highest quality.
- Delphi also offers a wide array of additional Electronic Unit Injectors (EUI).

Cummins is a trademark of Cummins, Inc

FEATURES

BENEFITS

100% nozzle, NOP spring and spring seat replacement	— Improved performance and durability
100% Surface lapping of critical components	— Ensures pressure sealing of sub-assemblies
New wiring harness	— No wire shorts
100% O-ring replacement	— Proper sealing

SENSORS

Sensors constantly monitor functions like airflow, engine knock, pressure, temperature, and position to provide feedback to the vehicle's control modules.

PROGRAM HIGHLIGHTS

- Delphi offers a wide variety of sensors that support popular categories
- Delphi-manufactured sensors meet or exceed original equipment requirements and testing

THE DELPHI ADVANTAGE

- Delphi sensors sold to the aftermarket channel are the same sensors sold to OE vehicle manufacturers
- Delphi is a worldwide supplier of a variety of sensors for engine management, body control, anti-lock braking, and traction control systems
- Delphi offers related engine management products for additional sales opportunities

DID YOU KNOW?

- Sensors report current conditions to the vehicle control modules, which then command injectors, ignition coils, solenoids and actuators to adjust to conditions.
- Failed sensors contribute to increased emissions and can contribute to reduced performance and fuel economy.

FEATURES

BENEFITS

Manifold absolute pressure sensors are insulated with silicone gel over the integrated circuit chip	<ul style="list-style-type: none"> - Protects the electronics from shock and vibration - Increases durability
Position sensors use hall effect or magneto resistive principles	<ul style="list-style-type: none"> - Provides electromagnetic interference protection against noise interference and other sensor outputs for the cleanest signal to control modules
Temperature sensors have a one-piece lead-frame design front sensing element tip to connector terminals	<ul style="list-style-type: none"> - Helps eliminate internal connections and failure points - Helps increase durability

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

SMART REMOTE ACTUATOR (SRA)

Delphi's "smart" remote actuator (SRA) is a highly accurate device with integrated electronics that include a pulse width-modulation (PWM) control interface with the option of a controlled area network (CAN) communication. It has an aluminum body, direct current (DC) brushless motor, steel gears, ball bearings, and a pigtail electrical wiring harness. The durable unit offers the potential for unpowered default positioning.

PROGRAM HIGHLIGHTS

- Remanufactured in our ISO 9001:2000 certified facility
- Every remanufactured SRA is functionally tested for:
 - o Torque position resolution
 - o Response time
 - o Full travel
- Tested and assembled to meet OE specifications

THE DELPHI ADVANTAGE

- Delphi OE.
- Replacement of critical components as needed including new circuit board, new wiring harness, new seals, fasteners and motors.
- One Year Warranty

Did You Know?

- **Typical Application** The smart remote actuator provides improved exhaust gas recirculation (EGR) dynamic flow control. It can also provide high accuracy resolution of variable geometry turbocharger (VGT) vane control. Its durability, flexible mounting options, and adaptability allow for the actuation of various high-temperature gas controls and other powertrain devices.
- **Performance Advantages.** The sensitivity and precision of the integrated electronics in the smart remote actuator can significantly improve the dynamic flow control in EGR systems or offer improved control, speed, and precision for VGT systems, as compared to pneumatic and hydraulic actuators. The device uses integrated technology for accurate position control, high actuation torques, and flexible mounting options. It is also easily adaptable to a variety of other devices requiring rotary input. Its single-point electrical connection to the engine management system allows greater mounting, packaging, and interface flexibility, and it provides plug-and-play simplicity. Delphi designs and supplies complete diesel engine management systems, including injection units and electronics. Delphi engine management systems deliver immediate results for drivers and operators, while helping to lower emissions and improve economy.

FEATURES

BENEFITS

Integrated electronics, with dynamic precision position sensing	- Provides improved EGR flow control with enhanced accuracy resolution
DC brushless motor	- High torque and durability
Aluminum body, steel gears	- High durability
Compact unit with a single connection	- Greater mounting and packaging flexibility, which allows for actuation of high-temperature devices

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

NOTE: Interchange by using a competitor part number is not positive identification. Certain competitor part number interchanges are included at popular request, but absolute correlation is not possible. No responsibility is assumed by manufacturer or publisher for consequential or other damages which may arise from reliance on a competitor part number to make identification.

DISCLAIMER OF WARRANTY – The information contained herein has been obtained from reliable sources and is accurate insofar as is ascertainable. However, no warranty is either expressed or implied as to the accuracy of this catalog and no responsibility is assumed by the publisher for any damages. The acceptance of this catalog is conditional to the acceptance of this disclaimer of warranty.

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

POWER SYSTEMS
 ENGINES • GENERATORS • FUEL SCIENCE • PARTS & SERVICE

The parties agree that the implied warranties that are set out in the Sale of Goods Act, are excluded and shall not apply to goods sold or services supplied. The parties also agree that only the warranty expressly provided by DSG Canada or Saskatoon Diesel Services Ltd. shall apply to the goods sold or services provided. The purchaser or his agent by entering into this transaction acknowledges that he/she has read this agreement and warranty disclaimers herein and also acknowledges that this agreement comprised the entire agreement between the parties and that there are no antecedent or extrinsic representation or collateral agreements that terms restrictively net 30 days. Warranty is set out in the terms and conditions of sale above. Warranty is limited to the original purchaser. 1-800-667-6879. If you encounter any trouble call this number. Failure to do so will null and void all warranties.

CORE CRITERIA & WARRANTY POLICY

EUI Injectors – Volvo and Detroit Diesel series 50 & series 60

The **CORE RETURN POLICY** for the Delphi Exchange Electronic Unit Injector program is as follows:

- All Volvo Electronic Unit Injector (EUI) cores returned must be exact replacements for units ordered. Cores will not be accepted if they do not match replacement units.
- For Series 50 & Series 60 cores please reference below:

GROUP CLASSIFICATION OF CORES:

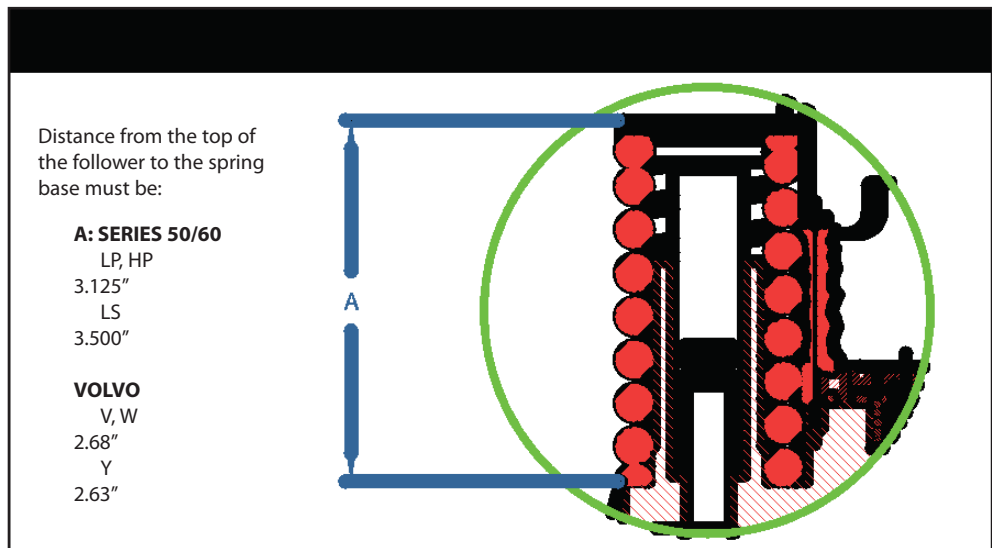

Group 1 - EX634785, EX634795, EX634865, EX634870, EX634935, EX634940, EX634945, EX634970

Group 2 - EX635550, EX635575, EX635580, EX635600 EX635605 EX635695, EX635915, EX636347, EX637466, EX637650

Group 3 - EX636977, EX636978, EX636980, EX636981, EX637045, EX637099, EX637466, EX637635, EX637650

Cores will be accepted for any of the exchange injectors within the specific group classification. Example: if you purchased EX634795 you can return any of the part numbers listed in Group 1 ONLY.

- Units must be properly identified with their part number
- All acceptable cores must be intact and not damaged
- Fire damaged injectors will not be accepted
- Unacceptable cores will be scrapped immediately
- Core and warranty units not returned in the original box will receive no credit
- Cores must be returned within 12 months from the date of purchase

WARRANTY POLICY

One year warranty, unlimited mileage/hours on all products.

Refer to the Delphi Diesel Aftermarket website: <http://dieselaftermarket.delphi.com>

R&R will be considered on Series 50 & 60 EUI. Contact your Delphi sales representative for details.

Incidental or consequential damages will not be considered.

Failure to do so will null and void all warranties.

CORE CRITERIA & WARRANTY POLICY

EUI Injectors - Delphi Remanufactured Cummins Celect Injectors

CORE RETURNS must meet the following criteria:

- Units must be properly identified with their part number.
- Units must be returned as off of the engine-assembled and complete.
- Units damaged by fire will not be accepted.

GROUP CLASSIFICATION OF CORES:

	DELPHI PART NUMBERS	INTERCHANGE NUMBERS
Group 1	EX632542	365242, 3073995, 3081315
Group 2	EX631 753, EX637557, EX631756, EX631758	3087557, 3411752, 3084589, 3411753, 3095040, 3087734, 3609922, 3166395
Group 3	EX631 763, EX631 761, EX637560, EX631 760, EX631 767, EX631 766, EX631 764	3087560, 3087733, 3083846, 3411759, 3411767, 3411385, 3411760, 3087558, 3083848, 3087807, 3411761, 3411765, 3411381, 3609796, 3411763, 3095086, 3087788, 3411762, 3087556, 3411766, 3409975, 3411691, 3088178, 3096662, 3408300, 3408303, 3084473

Cores will be accepted for any of the exchange injectors within the specific group classification.

Example: if you purchased EX631763 you can return any of the part numbers listed in group 3 ONLY.

Important Note: Cores must be returned within 12 months from the date of purchase. Unacceptable cores not meeting the above criteria will be scrapped and no credit will be issued.

WARRANTY POLICY

These injectors are warranted to be free from defects in materials or workmanship as follows:

- 2 years or 125,000 miles for on highway applications from date of sale to the end user.
- 2 years or 3,600 hours for off highway applications from date of sale to the end user.

All other warranty policies apply; refer to section eight of the procedure manual.

R&R will be considered on Cummins Celect EUI. Contact your Delphi sales representative for details. Incidental or consequential damages will not be considered.

High-Pressure Oil Pumps

in order to receive warranty and/or core credit, the units must meet the following criteria:

1. Model year for model year.
2. No prior disassembly.
3. No missing components.
4. No external damage (damage due to fire).
5. Units must be returned within one (1) year.
6. Units must be returned with connection fittings.
7. Core and warranty units not returned in the original box will receive no credit.

Units not meeting the above criteria will receive no core credit and will be scrapped.

Failure to do so will null and void all warranties.

CORE CRITERIA & WARRANTY POLICY

STARTERS AND ALTERNATORS

In order to receive warranty and/or core credit, the units must meet the following criteria:

1. Core and warranty units not returned in the original box will receive no credit.
2. Disassembled or damaged warranty units will receive full core credit only.
3. Disassembled or un-rebuildable cores will receive no core credit.
4. Damaged cores will receive 50% core credit only.

Units not meeting the above criteria will receive no core credit and will be scrapped.

WATER PUMPS SRA, REMAN VACUUM PUMP & ECM/PCM/ECU

In order to receive warranty and/or core credit, the units must meet the following criteria:

1. Core and warranty units not returned in the original box will receive no credit.
2. Disassembled or damaged warranty units will receive full core credit only.
3. Disassembled or un-rebuildable cores will receive no core credit.

Units not meeting the above criteria will receive no core credit and will be scrapped.

WARRANTY POLICY

One year warranty, unlimited mileage/hours on all products with the exception of:

- EGR valves: 3000 miles/4828 km or 90 days from the date of installation
- ECM/PCM/ECU: 90 days from the date of installation
- Vacuum pump #EXLVP2756: 1 year or 18,000 miles

Refer to the Delphi Diesel Aftermarket website; <http://dieselaftermarket.delphi.com>, for additional warranty information.

No R & R and/or contingent liability warranty.

REMANUFACTURED ELECTRONIC UNIT INJECTORS

Remanufactured Cummins Celect Electronic Injector

PROGRAM HIGHLIGHTS

- Remanufactured in our ISO 9001:2000 certified facility
- Cross-reference to 47 Cummins Part Listing (CPL)
- 60% coverage for M11 - N14 engine range

PRODUCT HIGHLIGHTS

- Every remanufactured injector is functionally tested for:
 - » Fuel Delivery
 - » Fuel Injection Pressure
 - » Timing

THE DELPHI ADVANTAGE

- Replacement of critical components
- 100% replacement of nozzle, NOP spring, and spring seat
- 2 year warranty or 125,000 miles on highway or 3,600 hours off highway
- Warranty available nationwide through our Authorized Service Distributor Network

DID YOU KNOW?

- Reducing diesel emission levels is critical in today's diesel engines. Delphi is leading this technology revolution with its advanced fuel injection systems.
- Delphi functionally tests 100% of its remanufactured products to ensure the highest quality.
- Delphi also offers a wide array of additional Electronic Unit Injectors (EUI).

Cummins is a trademark of Cummins, Inc

FEATURES

BENEFITS

100% nozzle, NOP spring and spring seat replacement	— Improved performance and durability
100% Surface lapping of critical components	— Ensures pressure sealing of sub-assemblies
New wiring harness	— No wire shorts
100% O-ring replacement	— Proper sealing
